---

## Professional Summary

Angular Lead with 12+ years of experience in frontend engineering, including 8+ years of hands-on Angular (v2–v16) development and technical leadership. Proven expertise in building scalable, high-performance enterprise web applications using Angular, TypeScript, RxJS, and modern frontend best practices.

Experienced in leading frontend delivery, mentoring teams, improving performance, and collaborating with cross-functional teams in Agile environments. Currently expanding expertise in fullstack development with .NET Core Web API and modern React ecosystem technologies.

Open to Angular Lead, Senior Frontend, and Fullstack opportunities.

---

## Core Skills

### Frontend Development

- Angular (v2–v16)
- TypeScript, JavaScript (ES6+)
- HTML5, CSS3, SCSS
- RxJS
- Angular Material, Bootstrap, Tailwind

### State & Architecture Patterns

- NgRx (Basics–Intermediate)
- Modular structure
- Component-driven development
- Lazy loading
- Route guards & interceptors

### Performance & Optimization

- Bundle optimization
- Code splitting
- Change detection optimization
- Cross-browser compatibility

## API & Integration

- REST API integration
- Authentication & session handling
- JSON processing
- NetSuite SuiteScript exposure

## Tools & Delivery

- Git
  - Webpack
  - CI/CD fundamentals
  - Jira
  - Agile / Scrum
  - Code Reviews & Mentoring
- 

# Professional Experience

## G.I.R Software Services

Technical Lead | Dec 2019 – Dec 2025 | Remote, Texas, USA

- Led frontend development for enterprise-scale Angular applications.
- Developed and maintained Angular apps (v8–v16).
- Built reusable components and shared modules.
- Implemented cart, checkout, and product flows.
- Integrated REST APIs and authentication flows.
- Improved performance via lazy loading and bundle optimization.
- Conducted code reviews and mentored developers.
- Collaborated with backend, QA, UX, and product teams.

### **Achievements:**

- Reduced initial load time through optimized module loading.
  - Improved maintainability through structured modular development.
  - Elevated team coding standards and review processes.
- 

## Adapty Solutions Pvt. Ltd.

Technical Lead | Nov 2015 – Dec 2019 | Mumbai, India

- Built scalable Angular applications using TypeScript.

- Implemented reusable UI components.
  - Delivered responsive and cross-browser compatible interfaces.
  - Refactored legacy modules for performance improvements.
  - Guided frontend team on Angular best practices.
- 

## Antfarm Business Incubator Pvt. Ltd.

JavaScript Developer | Nov 2014 – May 2015 | Mumbai, India

- Developed responsive UI using JavaScript, HTML, CSS.
  - Integrated REST APIs.
- 

## Ugam Solutions Pvt. Ltd.

Software Developer | July 2011 – Nov 2014 | Mumbai, India

- Developed internal tools and web interfaces.
  - Built strong debugging and development fundamentals.
- 

## Education

Bachelor's Degree in Computer Science / Information Technology — 2011

---

## Currently upskilling / Expanding expertise

- .NET Core Web API (API development, Controllers, Dependency Injection, Middleware)
  - React (Hooks, Functional Components)
  - Next.js (SSR, Routing, Performance optimization basics)
-
